Potential Discussion Questions

- What impacted you the most from the sermon? (Facilitators, although your group's discussion time is for applying the word to one another, not rehashing the sermon, this opening question may bring out something the Lord has been working on in people's hearts since Sunday morning.)
- What's something you find beautiful that's extremely easy for you to talk about, even to strangers?
- Followup question: How is evangelism like talking about something you find beautiful?
- Read Psalm 96. The psalmist tells us to sing and declare God's glory among the nations. What are some of the motivations he gives us for doing that?
- All around us are people who owe an infinite debt of sin that they cannot pay, but they are scrounging up pennies to throw at it. How do you see people doing that? How do you even find yourself doing that sometimes (even though your debt has been paid)?
- Consider concluding by praying together. Express to Jesus ways that you find him beautiful, and pray for one another to find him so beautiful that it compels you to talk about him to others.
